OUR TEAM

The power of a *team* approach

When we surveyed to ask clients, attorneys and staff to describe what makes Goldberg Segalla unique, hands-down, the most popular answer was that we're a collaborative team.

We have an all-for-one mentality that translates to seamless external client support. Throughout the firm – whether an attorney or a member of the support staff contributing to the firm's success – we support each other and combine our efforts to generate innovative solutions and drive better results.

Practice groups are managed in small, close-knit groups of attorneys who strategize and call on clients together. On any given day, our attorneys reach out to colleagues in other cities or practice groups to take advantage of their particular expertise for precisely the right answer to a specific client question or concern. So even though you may be in contact with one attorney, our collective approach allows every attorney to benefit from the wisdom and hard-earned insights of our own on-staff experts who will happily pause what they're doing to help a colleague.

> Relationships are at the heart of our business and what drive us every day. We truly partner with our clients, taking on your problems as our own to build the high levels of trust and confidence so that, no matter what, you know we've got your back.

DIVERSITY, EQUITY AND INCLUSION

Determined to make a *difference*

Goldberg Segalla is deeply committed to fostering diversity, equity, and inclusion in the legal community, and is consistently recognized as a trailblazer for our efforts in this important work. In addition to a history of leading regional and national diversity-focused legal organizations at the highest levels, our team works tirelessly to nurture and mentor rising law students, attract and recruit diverse talent, create an inclusive culture, and cultivate diverse leadership within the firm and within the legal community.

To put our commitment into practice, we have a Diversity Task Force in place to conceive and implement diversity-focused programs, as well as give diversity a voice in our decision making at the highest level. The team meets regularly to create programs, schedule events, establish diversity initiatives, set long-term goals, and develop strategies to recruit and retain people from traditionally underrepresented backgrounds.

Goldberg Segalla similarly demonstrates diversity and inclusivity focused on the advancement of women. Our Women's Initiative is designed to raise the visibility of women attorneys, spark opportunities, develop mentoring relationships, promote leadership, increase connection, and provide support for the advancement of women within the firm and in industry organizations that further their personal and professional growth.

We are gratified to regularly receive recognition for the innovative programs we have developed and the results we have been able to achieve – both within our own firm and across the wider business and legal communities including: Mansfield Certification, Inclusion Blueprint Champion – Litigation, Diversity Labs, Chambers USA Outstanding Contribution to Furthering the Advancement of Diversity in the Legal Profession and Diversity and Inclusion Awards Shortlist, Commitment to Diversity Award – Minority Corporate Counsel Association Firm Affiliate Network, Leaders in Diversity – Baltimore Business Journal, Diversity Trailblazer Award – New York State Bar Association, Legal Service Award – Minority Bar Association of Western New York, Legal Community Leader Award – National Federation for Just Communities of Western New York and the Rick Palmore Alumni Award – Leadership Council on Legal Diversity.
