PARTNER

EXPERIENCE

Joe Jones has been practicing workers' compensation law in New Jersey for more than 28 years. He spent the first 19 years representing petitioners, and the last nine years counseling and defending insurer carriers, self-insured employers, and third-party administrators in all stages of litigation, appearing regularly at all 15 hearing points throughout New Jersey. Joe has extensive experience handling cases from referral through closure, as well as handling case assessments, settlement recommendations, claims reviews, and client relations meetings.

As a result of his experience representing both petitioners and respondents throughout his career, Joe has a unique perspective in understanding his clients' needs and assisting them in reaching their goals. He is able to see the issues existing on both sides of a case and expertly navigate those issues to bring cases to their conclusion to his clients' satisfaction. He is keenly focused on protecting his clients' interests at every turn.
