Called "the most respected referral list of attorneys in practice" by *Corporate Counsel* magazine, *Best Lawyers* is based on an exhaustive peer-review survey in which more than 50,000 leading attorneys cast more than 5.5 million votes on the legal abilities of other lawyers in their practice areas.

The lawyers in *Best Lawyers* have no say in selecting the practice areas in which they are listed. They are associated with those practice areas entirely as a result of the votes they receive from their peers.
