PROFESSIONAL LIABILITY

We take our commitment to client service very seriously, so we know firsthand the effort that it takes for professionals (including attorneys, physicians, accountants, architects, engineers, surveyors and other design professionals, and corporate directors and officers) to serve their clients. But we also understand that even good practices — if they lead to a bad result — can expose a professional to a claim of failing to perform up to the good and accepted standards, customs, and practices of their respective professions.

At Goldberg Segalla, our lawyers have a wealth of experience handling all manner of professional liability claims and cases. They include recognized leaders across many areas of professional liability law who have written and lectured extensively on the legal issues professionals face. Just as importantly, our seasoned attorneys have extensive trial backgrounds, and the proven capability to bring your matter to successful conclusion through verdict.

As with all of our practice philosophies, our approach is intense and sophisticated, yet always pragmatic. We work together with our clients in an effort to develop the most efficient results and best possible outcomes.

Visit our *Professional Liability Matters* blog for the latest legal developments and risk management tips impacting the professional liability community.
